Adam Glassford

BChD Dip Con Sed (Ncle) Dip Impl Dent RCS Eng (adv cert) MFGDP

Adam has built a reputation throughout Yorkshire and beyond since qualifying in 1996 from the University Of Leeds. He has concentrated on dental implants and advanced restorative work for the past 15 years having completed the advanced Implant Diploma with the Royal College Of Surgeons in London.

Since qualifying, Adam has trained with many of the top names in the implant world bringing advanced techniques such as All-on-4, immediate implant provision, sinus grafting and Zygomatic implants to his regular repertoire of treatment. Adam is a Straumann mentor training other dentists in standard and advanced dental implant surgery and has placed over 5000 implants in his career. Adam also runs a sedation training company and has provided sedation courses for over 2000 delegates during the past 10 years since its inception.

Adam has worked with numerous different implant systems notably Nobel Biocare, Astra, Ankylos, Camlog, Straumann and Southern and has a particular interest in the rehabilitation of failing implant treatments.

More recently Adam has become a medico-legal expert witness reviewing and preparing reports on dental implant work for solicitors and indemnity companies.

Adam was awarded Straumann platinum status in 2014 having become the largest provider of Straumann implants in the north of England.

Referrals are happily accepted for routine to complex rehabilitation treatments including full mouth implant provision and especially difficult high aesthetic demand cases.
